The Recorder Fun Book / Best Beginning Recorder Book for Kids

The Recorder Fun Book

\$11.95 | ISBN 978-1468138498

The Recorder Fun Book for Young Students is one of Music Fun Books' original and most beloved titles, used by elementary music teachers and young recorder players for more than 20 years.

Designed especially for beginners, this book introduces children to music reading, rhythm, recorder technique, and basic music fundamentals in a friendly, approachable format that works well in both classroom and at-home settings.

The book features extra-large notation, simplified arrangements, letter names inside the note heads, and a limited amount of material on each page, helping young students build confidence as they learn.

[MusicFunBooks](#) [Amazon](#)

Best Beginning Recorder Book for Kids

\$12.95 | ISBN 979-8589781809

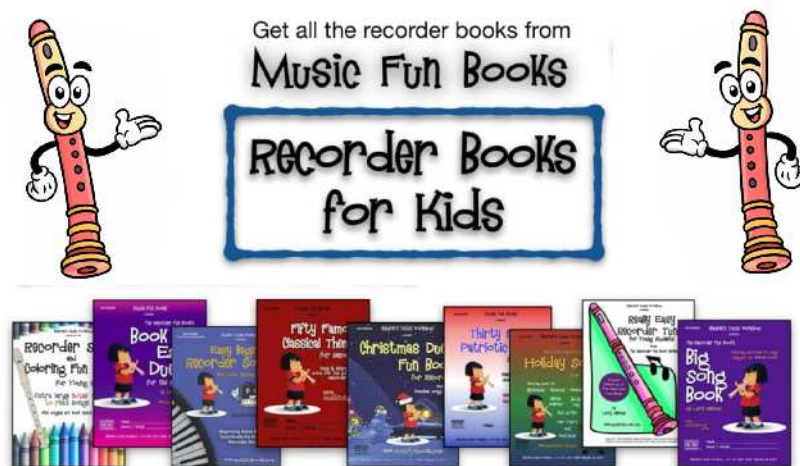

The Best Beginning Recorder Book for Kids is written for elementary and middle school students who are ready for a slightly more mature approach to beginning recorder instruction.

The pedagogy is similar to The Recorder Fun Book, with a clear, step-by-step introduction to note reading, rhythm, recorder technique, and essential music theory, but the overall presentation is designed for students who are ready for a more grown-up learning experience. This book uses less oversized notation, more limited use of letter names inside the note heads, and additional challenging material.

The book includes solos, duets, trios, note reading games, scales, arpeggios, and major and minor studies, giving teachers a practical resource that moves beyond the earliest beginner level while still supporting young musicians with a clear and accessible format.
